## I dati OECD sulla produttività

This is an R Markdown document. Markdown is a simple formatting syntax for authoring HTML, PDF, and MS Word documents. For more details on using R Markdown see <http://rmarkdown.rstudio.com>.

When you click the **Knit** button a document will be generated that includes both content as well as the output of any embedded R code chunks within the document. You can embed an R code chunk like this:

## Including Plots

You can also embed plots, for example:

## PIL per ora lavorata

intera economia, PPPs 2010, in dollari, a prezzi costanti

elaborazione su dati OECD

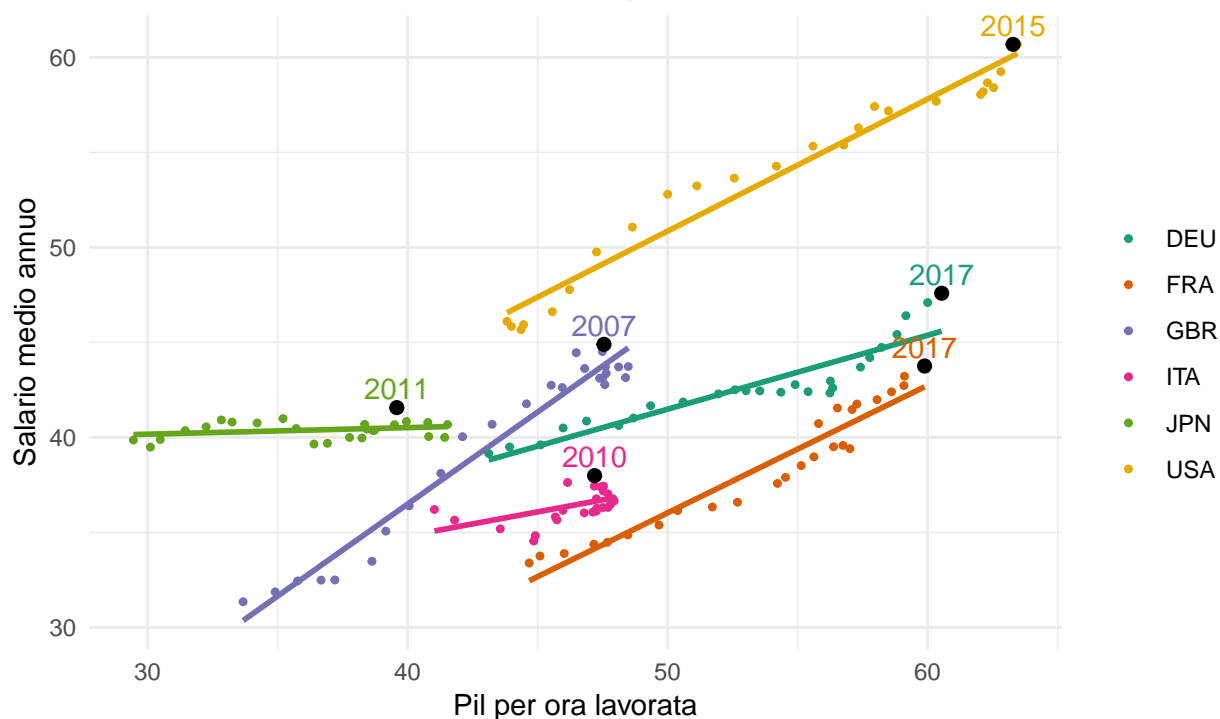

## Salario medio

intera economia, PPPs 2017, in migliaia di dollari, a prezzi costanti

elaborazione su dati OECD

## Crescita del Pil per ora lavorata e salario medio annuo intera economia, PPPs 2017, in dollari, a prezzi costanti

elaborazione su dati OECD

## Salario medio annuo

intera economia, PPPs 2017, 000 dollari, a prezzi costanti

elaborazione su dati OECD

Note that the `echo = FALSE` parameter was added to the code chunk to prevent printing of the R code that generated the plot.
